THE FUTURE 22

COMPARATIVE STATISTICS CHART 24

PREFACE:

The objectives of the Royal Canadian Mounted Police on Prince Edward Island are: "To enforce laws, prevent crime, and maintain peace, order and security". These objectives are reflected in our daily responsibility to the Provincial Policing Agreement for the Province of Prince Edward Island, plus the Municipalities within the Province with whom we have agreements.

As in the past, every effort is being made to provide the highest level of performance and to maximize the use of our human and other resources to ensure our objectives are met. Fiscal responsibility continues to be stressed at all levels to ensure cost effectiveness within "L" Division.

As in prior years, Provincial Detachments continue to be operated at Alberton, Borden, Charlottetown, Montague, Souris and Summerside. A dedicated Highway Patrol unit has been established in Charlottetown with a mandate to patrol the major highways in Queens County and parts of Kings and Prince County. Sherwood/Parkdale is the only exclusively Municipal Detachment in the Division. A summer Detachment is maintained at Cavendish to respond to the influx of tourists to that area of the Province.

Division Headquarters continues to be located in Charlottetown, housing specialized sections and support services for the Royal Canadian Mounted Police throughout Prince Edward Island.

Commencing April 1st, 1990, we look forward to our fifty-ninth year of continuous service to the residents of Prince Edward Island.

PERSON YEAR DISTRIBUTION:

As of 89-12-31, the total established strength of "L" Division was 160 deployed in the following manner:

Establishment by Rank and Location:

	Chief Supt.	Supt.	Insp.	S/Sgt.	Sgt.	Cpl.	Cst.	S/Cst.	C/M	PSE	Uncl.
Division HQ	1	1	2	5	9	11	7	-	8	14	3
Alberton	-	-	-	-	1	2	10	-	-	1	-
Summerside	-	-	-	1	-	3	9	1	-	2	-
Borden	-	-	-	-	1	-	4	-	-	1	-
Charlottetown	-	-	-	1	2	5	23	-	-	3	-

Montague	-	-	-	-	1	1	8	-	-	1	-
Souris	-	-	-	-	1	1	6	-	-	1	-
TOTALS	1	1	2	7	16	24	74	1	8	23	3

Establishment by Major Function:

Provincial Policing	104
Municipal Policing	12
Federal Policing	20
Division Administration	24
TOTALS	160

DIVISION MANAGEMENT:

"L" Division has a complement of four Commissioned Officers. The Commanding Officer (Chief Superintendent) is responsible for the overall operation of the R.C.M.P. in Prince Edward Island.

The Officer in charge of Criminal Operations (Superintendent) reports to the Commanding Officer and is responsible for operational policy and policing in the Division, as well as the related duties of Division Intelligence and Protective Policing.

The Officer in charge of Administration, Personnel and Informatics (Inspector) is responsible to the Commanding Officer for directing the activities and administration of the training and development section; public service personnel section; complaints and internal investigation section; classification; compensation; staffing and personnel section; informatics area; as well as acting as Division Security Officer.

The Financial Services and Supply Officer (Inspector) is responsible to the Commanding Officer for the administration and co-ordination of the financial accommodation and equipment programs of the Division, preparing program forecasts, and advising the Commanding Officer on financial and budgetary matters.

The operations of the R.C.M.P. in the Province are divided into four responsibility areas:

- Criminal Operations;
- Administration, Staffing & Personnel and Informatics (Telecommunications, Records and Electronic Data Processing);
- Financial Services (F.S.S.); and
- Planning and Review.

Each Responsibility Centre Manager reports and is responsible to the Commanding Officer.

CRIMINAL OPERATIONS BRANCH:

Under our current organizational structure, there are ten Units/Sections with Division-wide responsibility reporting to the Officer in charge of Criminal Operations Branch. Their duties include providing support services; co-ordination and enforcement of Federal and Provincial laws; plus the Criminal Code, throughout the Province of Prince Edward Island.

FORENSIC IDENTIFICATION SECTION

This Section provides specialized and technical support services to all operational units across the Province. During 1989, the Forensic Section conducted 434 case examinations, isolating approx. 350 identifiable fingerprints, in addition to approx. 170 other types of physical evidence. Of these, 40 fingerprints and 40 other types of evidence were linked to specific criminal, while 72 fingerprints were identified to non-criminals. General activities of this Section include the examination of crime scenes for fingerprints and other physical evidence. Evidence of value is captured through photography, casting and plan drawing.

Assistance is provided to the provinces's municpal police forces. Summerside Police Dept. and the Charlottetown City Police are assisted when we are requested to do so on major cases, whereas the St. Eleanor and Kensington departments are assisted on a routine basis. Video-taping of major crime scenes and serious crime re-enactment is performed by this section when required.

COMMUNITY POLICING SECTION:

This section, formerly named Crime Prevention/Victim Services Section, has been renamed to identify with its objective and mandate to obtain community involvement in the policing function. Active participation by members of the community is becoming increasingly necessary as the population grows and results in greater demands on policing services with associated escalation of costs. Experience shows an involved community can assist in preventing crime, as well as providing major contributions to the solving of offences. In addition to the above the unit also performs the duties of the Aboriginal Police Coordinator by maintaining liaison with Native leaders and detachment personnel.

During the past year, this Section has been actively involved in the Province's Victims of Crime Program and is an active participant in the new Victims Assistance Program Advisory Committee.

CRIMINAL OPERATIONS READERS/SUPPORT SERVICES:

This Unit provides Division management with informed opinions on operational matters. These opinions are based on research and analysis of current legislation and Force policies. It is also responsible for providing operational units with policy guidelines based on current legislation and the Force's mandate. Policy guidelines are prepared after consultation with the applicable Provincial Department and Crown Attorney. Operational units are provided with new legislative/statute amendments and training where needed in their application.

Selected types of occurrences/investigations are monitored through a formalized reporting system. This Unit processes security clearances for both Federal and Provincial government agencies as required.

SECURITY SYSTEMS SECTION

This Unit is responsible for physical security inspection/ consultations under the Vital Points Program and the Federal Building Program. The Unit conducts security consultations on Provincial facilities when threats have been identified. During the past year, the Unit conducted the planning and security co-ordination for the seven V.I.P. visits to Prince Edward Island.

The Security System Section acts as a resource unit for training exercises put on by the Provincial Emergency Measures Organization, and the development and updating of contingency plans for the R.C.M.P. to handle emergency situations.

SPECIAL "I" SECTION

This member is technically qualified and is responsible for our program to provide an electronic related support service to criminal investigative activities. This is provided through the use of equipment and expertise in the field of audio electronic and video surveillance as permitted under the provisions of Part VI of the Criminal Code.

FEDERAL ENFORCEMENT SECTION

This Section is responsible for the enforcement of Customs, Excise and Immigration Act, as well as other Federal Statutes. During the past year, concerted efforts were directed to the detection and prosecution of Excise violations. Along with enforcement responsibilities, this Unit co-ordinates and offers operational supervision and assistance to all Detachments throughout the Province.

DRUG SECTION

This six member Section is dedicated to the enforcement of the Narcotic Control Act and Food and Drugs Act throughout the Province of Prince Edward Island. Enforcement is focused on the upper echelon of the illicit drug trade, specifically major traffickers within the Province, as well as importers of drugs. In this regard, we are maintaining our emphasis on the Coastal Watch Program, aimed at the sighting and reporting of vessels of foreign origin or ones unknown to local coastal residents. Island fishermen, who have first hand knowledge of the vessels in their areas, have been asked to assist in this endeavour. A Joint Forces Operation between the "L" Division Drug Section and the Charlottetown City Police was active during 1989. During the year 53 drug related charges were laid. One major drug dealer was sentenced to six years and twelve traffickers were sentenced to 6 months or more.

COMMUNICATIONS CENTRE

Trained operators maintain twenty-four hour coverage in our operational Communications Centre in Charlottetown and provide an active offer of service in both official languages. During 1989, this Centre handled 8,303 occurrences from various areas of the Province. The Centre has access to the nation-wide Canadian Police Information Centre (CPIC) computer system for wanted or missing persons, vehicle information, suspended drivers and stolen or missing property. It also has limited access to the P.E.I. Highway Safety Division's motor vehicle files through the P.E.I. Computer Services system. The P.E.I. Young Offender file can also be accessed through this same computer terminal. The Centre is equipped with a "Vu-Phone" for service to the hearing impaired. Point-to-point messages to and from other police agencies throughout Canada are carried out either by CPIC computer and/or rapid facsimile.

COMMERCIAL CRIME SECTION

This Section has Province-wide responsibility for conducting investigations and enforcement under the fraud and corruption provisions of the Criminal Code. In addition, it engages its resources and applies them to questionable transactions under the Bankruptcy Act; investigates Provincial securities legislation and related sections of the Criminal Code concerning the illicit sale, promotion, disposal and manipulation of securities. The Section also assists Federal and Provincial Government departments in the investigation and enforcement of Federal financial Statutes and Provincial Statutes such as Securities Act, Companies Act, and Direct Sellers Act.

POLICE DOG SERVICES

This Section continues to respond to various requests for services across the Province. Homicide, assaults, robbery, break and enters, and missing persons are examples of the type of calls which this Unit can handle. During January of 1989, PSD "London" was injured and was restricted to limited duty. The injury did not respond to treatment and on 89-09-06 PSD "Sam" replaced PSD "London". PSD "Sam" and the Dog Master attended a three month training course in Innisfail, Alberta and are now looking forward to a productive 1990.

TRAFFIC SUPERVISOR:

Traffic services are a major portion of our duties on Prince Edward Island. This Unit is tasked with developing and monitoring strategies which are aimed at reducing traffic deaths, personal injury and property damage resulting from motor vehicle use on Prince Edward Island. It is also a member of the "Impaired Driving Implementation Committee" and "Server Intervention Advisory Committee" established in 1989 which are aimed at the problem of drinking on Prince Edward Island.

DRUG AWARENESS SECTION:

This Section has been established as a result of the Federal Government's commitment towards reducing the national demand for drugs of abuse.

The Section is committed to assisting, as an educational resource, schools, parents and other groups in the education of young and old alike, about alcohol and drug abuse. The program C.O.D.E. (Canadian Offensive for Drug Education) sponsored by the Canadian Association of Chiefs of Police is actively promoted by this unit. Similarly the program P.A.C.E. (Police Assisting Community Eduction) is also coordinated through this section. These drug education programs are considered long term and are aimed at students from grades 2 to 9. They are meant to complement existing drug education programs. With the combined efforts and cooperation of schools and communities we are confronting the problems presented by drugs in our society and thereby heighten the awareness level of students to the dangers of illicit drugs.

FINANCIAL & SUPPLY MANAGEMENT:

FINANCE SERVICES:

The division's budget, consisting of allocations for Federal, Provincial, and Municipal Policing, is monitored and controlled by the Financial Services and Supply Branch (F.S.S.B.)
The division's total budget for 1989/90 was $9,400,000, allocated as follows:

Federal Enforcement	$1,390,000
Provincial Policing	$7,195,000
Municipal Policing	$ 815,000
TOTAL	$9,400,000

The province and municipalities under contract are required to reimburse the federal government 68% of their respective costs, i.e. Cost to Province $4,892,600, Cost to Municipalities $554,200.

Note: Some discrepancies may be noticed in these figures as the Annual Report is based on the calendar year and the R.C.M.P. financial system is based on the fiscal calendar.

These budgets are monitored at the Division level on a monthly basis to ensure no controllable over expenditure occurs and are also monitored by personnel in the Force's Headquarters in Ottawa.

SUPPLY SERVICES:

The following is a list of major equipment and accommodation utilized by the R.C.M.P. during the year:

Motor Vehicles:

66 motor vehicles are used throughout the division. During the course of a year approximately 1,800,000 kms. are travelled utilizing these vehicles. The following is a break down of vehicles by Policing activity:

1 - Federal Enforcement	- 12
2 - Provincial Policing	- 44
3 - Municipal Policing	- 4
4 - Administration	- 6

Office Accommodation:

A total of eight buildings are occupied by the R.C.M.P. on Prince Edward island. Of these buildings 4 are owned by the R.C.M.P., 1 is municipally owned, 2 are rented from the private sector, and one is owned jointly by the Federal/Provincial government. The total space occupied by the R.C.M.P. is 4,040 M.Sq.

The Charlottetown Detachment together with the Charlottetown Highway patrol and the Division Forensic Identification Section will be moving, upon completion, to a new leased building at Maypoint Road and TransCanada Highway # 1. This move was necessitated due to the over crowding at the Division H.Q. complex and will provide the units with 724 M.Sq. of usable space.

ADMIN/PERSONNEL AND INFORMATICS:

This responsibility centre is responsible for the overall administration of our internal management activities in such areas as: staffing, internal investigations, pay administration, discipline, training, classification, organization and establishment.

ELECTRONIC DATA PROCESSING (EDP)

Our software library continues to grow with the addition of Ashton Tate's Presentation Pack, Norton Utilities, Fox Base and Word Perfect Executive. These packages assist many areas in preparation of court documents and case briefs, as well as database management.

Centralized processing (Ottawa) has seen most major applications continue to increase in use to meet the ever growing needs of the user community. Some of the major applications are: Police Information Retrieval System (PIRS); Operational Statistics Reporting System (OSR); Personnel Administration Research and Development System (PARADE); Materiel Accounting and Reporting System (MARS); Financial Accounting and Reporting System (FARS); and Division Intelligence Bank (DIB).

PROVINCIAL POLICING:

Although both Detachment and Highway Patrol personnel are responsible for both Criminal Code and Highway Traffic enforcement programs the units have been aligned to allow the Highway Patrol units to concentrate, as their name implies, on traffic duties. The objective to prevent and detect crime and maintain law and order in the communities which they serve continues to be the fundamental goal of these Units. Our members are encouraged to become involved in community programs and to assist/encourage the communities to become involved in activities such as Neighbourhood Watch, Block Parent, Cottage Watch, and other initiatives. Community Advisory Groups have been formed at all detachments within the Division. These groups consist of community minded citizens from various backgrounds. We have encouraged a cross section of the community such as senior citizens, students, business people, different ethnic groups, etc. to sit on these committees. These groups meet with the police on a regular basis to discuss concerns and seek solutions to problems surfaced. This concept is not new, but reaffirms the perception of the community as an active partner in promoting security and order rather than a passive audience. We view the concept of communities and police working together as a valuable program to meet the challenges of today. Austerity in government funding both federally and provincially necessitates that creative methods are used to fulfill our mandate in serving the people of Prince Edward Island. By working together and obtaining public cooperation the effectiveness of the police will be greatly enhanced.

Many of the activities performed by our Detachment and Highway Patrol personnel are actually non-police functions. Our records indicate that a total of 2.25 person years were spent on duties such as escorting mental patients, acting as court orderlies, preparing court dockets, escorting and guarding prisoners from

the Provincial Correctional Centre, confiscating drivers' licenses and vehicle registration, collecting fines in lieu of executing warrants, and other related activities. We can only continue to provide this extra service as long as economic circumstances will permit.

Extended policing contracts exist between the Province and the Municipalities of Alberton, Tignish and O'Leary for the services of one member in each. Monthly reports are provided by the Detachment Commanders to their respective Councils.

We face an ever-increasing challenge in combatting crime and the continuing co-operation between our members and the Municipal forces of Charlottetown, Summerside, Kensington and St. Eleanor's has produced quality results. This not only in achieving the successful conclusion of cases, but also saving in time, energies and resources which benefit all the communities at large.

Our 1989 statistics indicate a 6.5% increase in actual Criminal Code occurrences over 1988. Our successful clearance rates (i.e. through charges in court; diversions; etc.) were reduced by 2%. These statistics are preliminary in nature and will be subject to change as occurrences are brought to conclusion in the new year.

MUNICIPAL POLICING:

Our Sherwood/Parkdale Detachment is the only unit exclusively dedicated to Municipal policing, employing a total of nine Regular Members, five for Sherwood and four for Parkdale. The Town of Montague employs two Regular Members and the Town of Souris employs one Regular Member under Municipal contracts with the Federal Government that do not involve the Province.

TRAFFIC SERVICES:

Traffic Services are continuing to be given a high priority throughout the Province. The traffic enforcement profile was increased by separating the Highway Patrol from the Charlottetown Detachment and creating a dedicated highway patrol unit. The aim is to reduce accidents, especially in the fatal and injury categories and to concentrate on the impaired driver.

PROGRAMS

All Detachments are continuing the Drivers Beware Program two nights per month in a coordinated effort geared to detection of the drinking driver. Our efforts are coordinated with other enforcement agencies in a Province-wide program whenever possible. Other check stops are scheduled on a regular basis in all areas of the Province. Students Against Driving Drunk (SADD) and Mothers Against Drunk Drivers (MADD) are operating throughout the Province and are receiving assistance from our members when required. Joint check stops, held during the year with these two organizations, were well received by the motoring public. All programs and strict enforcement have acted as a public awareness and detection technique. They appear to be having the desired effect with a marked decline in the number of detected offenders. The Driver Beware Program statistics indicated the following:

	1988	1989
Vehicles Checked	26,052	25,933
Drivers Drinking	159	57
Breath Demands	56	31
Alert Demands	107	39
- Passed	34	17
- Warned	26	7
- Failed	43	15
H.T. Act	461	370
L.C. Act	207	104
C.C.	59	33
Warnings	2,024	1,824
Other	37	48

Motor Vehicle Accidents (RCMP Jurisdictions):

Accident Type	1987	1988	1989	% Change
Fatal M.V. Accidents	18	19	18	- 5
Persons Killed	18	21	18	-14
Injury M.V. Accidents	405	353	434	+23
Number of Persons Injured	995	869	916	+ 5
Property Damage M.V. Accidents	1,966	2,042	2,221	+ 9
Total Number of Collisions	2,694	2,685	2,951	+10

Although the number of fatal accidents decreased by one (5%) from the previous year and persons killed decreased by three (-14%), the average for the last three years remained relatively constant:

	1987	1988	1989	Average
Fatal M.V. Accidents	18	19	18	19
Number of Persons Killed	18	21	18	19
Alcohol Involvement	41%	53%	33%	42%

Alcohol involvement in fatal accidents has shown slight decline with 33% of fatal accidents involving alcohol. This decline can be directly related to the average annual decline of 17% in the number of detected impaired driving offenders in the last three. The decrease in impaired driving on Prince Edward Island is comparable to statistics to the rest of Canada.

ABORIGINAL POLICING:

To ensure the Force has the capability to respond to the policing needs of the Lennox Island Reserve, one position has been designated under the Indian Special Constable Program. This position has been vacant for the past year. Although we have been actively recruiting we have been unable to find any interested, qualified applicant to fill this position. The Special Constable reports directly to the N.C.O. in charge of the Summerside Detachment and provides an important link between the residents of Lennox Island and the R.C.M.P.

A concerted effort is made to ensure police assistance is available to other Reserves within the Province. Accordingly, members of the Charlottetown Detachment have standing working relationships with local officials at Rocky Point and Scotchfort Reserves, while members of Souris Detachment co-operate with the residents of the Morell Rear Reserve.

FEDERAL POLICING:

An effective Federally-funded enforcement program is maintained involving an extensive range of Federal Statutes. These include the Narcotic Control Act, and Food and Drugs Act; Customs and Excise Act; Immigration and Passport Act; Citizenship Act; Aeronautics Act; Petroleum Administration Act; Export-Import Act; Canada Shipping Act; and the Migratory Birds Convention Act.

Federal policing requires a great deal of proactive effort. Thus, in addition to their specific responsibilities, our specialized Federal Sections assist Provincial Units on a regular basis.

RECRUITING:

The R.C.M.P. is continuing to maintain a very active recruiting program throughout the Province. During 1989 a total of 80 applicants (68 males - 12 females) wrote our Selection Tests with a 58% pass rate. During the past year a total of five Island residents were engaged in the Royal Canadian Mounted Police as Regular Members. Four males and one female were engaged at the Constable rank.

Our recruitment policies continue to place emphasis on post secondary education as well as bilingual capabilities in addition to targeting the visible minority groups on the Island. To this end, a member of our National Recruiting Team conducted two presentations (Holland College in Summerside and University of Prince Edward island, Charlottetown) emphasizing our need for minorities in the Force. Contacts were also made with the various ethnic groups in our communities, outlining our objectives in recruiting all minorities.

A total of seven High School Career Day presentations were given throughout the year with good interest shown by the students.

There is every indication that 1990 will continue to be an even more active year in recruiting.

TRAINING:

In the training area, the "L" Division Training & Development Section has been very active in providing the best in police technology to R.C.M.P. members and employees in both the operational and administrative fields. Anti-drug Profiteering and Computer Crime training held at the Canadian Police College at Ottawa proved to be two worthwhile courses of note. On P.E.I., we were fortunate to have access to the facilities of the Atlantic Police Academy to offer supervisory training to middle managers at the Division training level. Police Information and Retrieval System training was provided to Detachment clerks to meet our objective to improve our capabilities in the E.D.P. area.

During the year a total of 17 employees took continuing education courses (mostly university courses) on their own time and were reimbursed tuition fees following successful completion of the course.

A total of 47 Regular Members and 14 Public Servants received formal training during 1989. It is important to note that all training is subject to a written evaluation which can be used to ensure our training needs are met.

AUXILIARY POLICING PROGRAM:

As of December 1989, the total R.C.M.P. Auxiliary complement was fifty persons, out of a potential seventy-five provincially authorized positions. The Auxiliary members worked a total of 4,525 hours of which 2,479 were incurred on a voluntary non-remunerative basis. This group of community-minded individuals provide significant support for our regular personnel during events such as Old Home Week and holiday weekends. They also assist our members on routine patrols and Operation Check Stop.

The existence of a trained body of personnel such as the Auxiliary Constables is of great benefit to the citizens of Prince Edward Island. They can be called upon to provide assistance in the event of a major occurrence. These people voluntarily participate in regular training programs and are paid a small fee when specifically requested to respond to emergent situations.

Auxiliary personnel deserve the admiration of their fellow citizens as they exemplify a willingness to serve their community in a most unselfish and meaningful way.

THE FUTURE:

The Royal Canadian Mounted Police as a national law enforcement body provides policing services to Canada and its citizens.

Specifically, the R.C.M.P. is mandated to prevent and detect offenses against Federal Statutes, prevent and detect crime and maintain law and order in Provinces, Territories and Municipalities under contract. We also work to improve police/community relations; investigate national security offenses; and provide investigative and protective services to other Federal departments and agencies.

To this end, the excellent relationship that exists between the R.C.M.P., the Department of Justice, Municipal Police forces and other agencies is acknowledged as a significant and essential factor in our ability to provide the best service possible to the Province of Prince Edward Island.

Victim Services and Community Based Policing will continue to receive high priorities during 1990. Family violence, in particular child sexual abuse, spousal assault and the victimizing of the elderly will receive our focused attention during the upcoming years. Proactive programs aimed at Citizen Advisory Groups and creating an awareness in the community of the need for more public involvement in policing activities will continue. This initiative is to establish community law communication between the police and the public. This should create a greater awareness of public concern and provide the means to hear public opinion in a non-adversarial setting.

Our "Check Stop" program, "Driver Beware Night", active enforcement of the Highway Traffic Act, Criminal Code provisions for the drinking driver, and public education are all dedicated to removing the drinking driver from Island roads and lowering the accident rate.

As part of our ongoing efforts to improve radio communications in the Province, we are continuing in our research to determine the feasibility of interfacing the Force owned radio communication to the Provincial Integrated Communication System which has been accepted for use by other law enforcement and service agencies on P. E. I. To this end we have a small number of PICS radios that are being used to evaluate the system. The R.C.M.P. is also part of a committee formed to investigate the technical and financial implications of implementing an emergency answering telephone call system (911) for P.E.I.

The realities of economic restraint in both Provincial and Federal programs will continue in 1990. We, however, are confident that with combined efforts, the current high standards will be maintained in order to meet the needs of the people of Prince Edward Island.

COMPARATIVE STATISTICS CHART: (*)

	YEAR	REPORTED CASES	% CHANGE 1987 BASE YEAR COMPARISON	"L" DIVISION CLEARANCE RATES
Criminal Code (Person Offences)	1989	585	+ 26.9%	70%
